Beaded Chain Mail Jewelry: Timeless Techniques With A Twist

Synopsis

Chain mail is one of the hottest jewelry trends out there; add beads and the style positively sizzles. Who could resist? Bestselling author and chain mail expert Dylan Whyte presents his time-tested, time-saving techniques with 26 breathtaking projects, ranging from extremely simple to challenging. A thorough introduction, illustrated with computer-generated pictures, covers the basic techniques. Then Whyte reveals his patented, perfected beading method: rather than using difficult wire wrapping, he threads the beads directly onto the rings before theyâ™re fashioned into chain mail. Thirty exciting projects include a delicate Persian patterned anklet, embellished with tiny silver bells; an amethyst opera-length necklace; and silver earrings shaped like inverted peacock feathers, edged with rings and turquoise beads.

Book Information

Customer Reviews

Great book! I am primarily a bead weaver and do bead embroidery but I like to learn new techniques and include them in my creations. This book is perfect for me. There is great variety, wonderful ideas and (this is critical) the instructions and illustrations are fabulous and easy to understand. I recommend this book!

I am a total newbie when it comes to jewelry making but Dylan's book was fantastic. Instruction in plain easy to understand language, wonderful illustrations have kept me going back to his book many times as a great resource. I would recommend this book to anyone, novice or advanced

jewelry maker, alike.

Great book with easy to follow directions and super photographs!

Lots of beautiful ideas with well written instructions

Perfect for expanding chain maille techniques

Lot of fun projects in this book!!

Great ideas I can do & incorporate into other ideas. I can understand instruction okay. If you have done Chain Mail before this may be to your liking.
