# Introduction To Psychology: Gateways To Mind And Behavior

## Synopsis

INTRODUCTION TO PSYCHOLOGY: GATEWAYS TO MIND AND BEHAVIOR, 14th Edition, attracts and holds readers' attention with an appealing narrative laced with numerous examples and cutting-edge coverage of the field's new research findings. The book's hallmark continues to be its pioneering integration of the proven SQ4R learning system (Survey, Question, Read, Reflect, Review, Recite), which promotes critical thinking as it guides readers step-by-step to an understanding of psychology's foundational concepts and intriguing diversity. With this book, readers will find the study of psychology to be fascinating, relevant, and above all, accessible.

## Customer Reviews

I love all of the little pop culture references in this book. The series on Leonard, Penny, and Sheldon was especially funny. Great technical book. I originally rented it from but now intend on purchasing the full book!

This book arrived in VERY sad shape. :( It is deemed 'good- acceptable', but we would deem it ROUGH. The hard front and back covers are super bent up, and corners are bent up.

Exactly what I needed for college for more than half the price of buying it! It was mentioned it was unbinded (that's what loose leaf means, some people just don't read). Thank you so much!

You should of mentioned it would not come binded. Because of this i had to purchase a

binder, which in the end I was fine with but it would have been helpful to know.

Wasn't aware that I was getting just a bunch of papers. Who sells a book without a binding honestly?!? Ugh.

I needed this book for my class it was useful. I love going to to get all my school books it's so affordable and easy.

I expected for pages to be ripped out or highlighted all over. It was if I bought it brand new from the book store.

DOES NOT WORK FOR WINDOWS 8 or 10, luckily I can still pull this up on my phone but this is highly inconvenient.
