Customer Reviews

Having read books 1 and 2 i was in a hurry to read book 3. i love series! Nancy C Davis writes a good book and tells a consistently good story. i have read all the books in her "Sweet" series so i knew going in i like her style. any of the books can stand alone but i do love the chance to really get to know the characters and see them evolve and grow. whether the main characters are cats or people , they are well drawn with her pen and words.

Love the idea of a cat detective team. The cat characters are well developed and diverse. Some are as finicky as some felines, while others have the tough alley cat with a story behind them. Together these two surprise us with the mystery and how they solve it. Looking forward to more in this series.

Writing is interesting but these are very short stories, more novella than book. There is some awkwardness in the writing when a scene transitions; noticeable especially when story shifts from gathering clues to solution. The cat characters are great!

This is the first murder mystery book I've read in the "Cat Detective Cozy Mystery Series". It was fun and odd at the same time. I'll be checking out other books in this series.

I just love Nancy Davis writing style. Her books are fun, full of suspense, few surprises ...what is not to love? Yes, I am addicted to her books lol...

This is a great series. I have really enjoyed reading all of the books so far. They are very interesting and fun to read.

I've read all three books and they have my highest praise and delight for Nancy Davis and her wonderful stories.

Easy read holds your attention and leaves you wanting more. Can't wait to see what their next advantage will be.
