## Customer Reviews

I didn't expect the book to be this good. I thought that at the end when they heard the Ender dragon

I thought it was going to swoop in and take Steve to his stronghold. Steve's friend would be like "STEVE!!! NOOOOOO!!!! WHYYY!!!!" I think in the next book they should find Alex or Steve could also get a dog but because it was a hardcore world. Either that or a lead and drag a iron golem. If villagers could mate with horses and centaurs do over 20 damage... a enhanced iron golem in there could 3 shot the wither. What am I doing? I'm writing a really long review. I liked the book but maybe it could've been 30 pages longer. Maybe next they could have found out it had something to do with herobrine(it always does!). I am not sure why people hate FNAF world it looks like a pretty decent game. I hope Scott releases it for free soon. Say, enhanced iron golem breeds and now the FNAF world? boy, it sure does some'thin weird.. it does sound like southern doesn't it? Anywaysâ great book! - Alex highland elementary school Utah (not from Texas)

this book was so cool,i cant think what happens in book 2.maybe the enderdragon will take charlie away and the centaurs will be like "hey you stinky pile of dragon porkchops!!yes you!give charlie back right NOW!!!",and the dragon wil be like" pffft,i gonna listen to a bunch of horsemen.yeah right!",but hey,i am just guessing. i dont know what will happen but you HAVE TO PUBLISH THE BOOK RIGHT NOW!!!!GOT IT?RIGHT NOW OR ELSE!! OR ELSE!! i'll die from disappointment. so please bring out the next book before i die-yours dearly,Sid
