Customer Reviews

Love these books and the pics are really cool, but I gotta say...unless you are referring to more than

one different type of ore...the plural of ore is ore...not ores. ;/ And a contraction every once in a while wouldn't hurt either. But these books are so entertaining, and your artwork is awesome. We really do love this series...now off to read number 8!

This was a very interesting and entertaining book full of action and humor. I have read the whole series and this was the best one. Steve, his wolf, and his friend are mining for gold but can't get any. They must fight through mobs, and at the end face a GIANT challenge. Very interesting plot and great pictures.

This book is epic. I like how Steve turned To a pro not a noob. This this has never gotten better. Which to say.... SHAME TO THE PEOPLE WHO THINK STUPID LIKE OH NO THIS BOOK IS EXPENSIVE AND BAD. See that haters? Get off my face. Now the real review. This book is so short but long in the author's heart. This thing should be long. I mean, it's okay, but in Minecraft story mode, it's not like this book (prepare for battle) but Minecraft story mode (Fight immediately) So please make it longer please. †™ So the author could change his books title to, STEVE THE PRO! The skeleton king should die. I mean Steve hits it on the legs a lot till it breaks using AoE attack. Then Steve chops the skeleton head off. That is a good technique. That is the proper way to fight A skeleton boss. Here's my AoE attacks, End Of the World. End of the world is (Use rival rebels mod for this.) a Tsar Bomba or nuke storm. I put A lot of Tsar Bombas on the jump blocks and hit them with my plasma canon making Tsar bomba rain. But that is an extreme AoE attack. My AoE attack is like Steve but with projectiles. I spin around while shooting with an Einstein gun.-Teslageek1.7.10 Rival Rebels mod downloaded in the blogspot

I really enjoyed this book just send out another one thats like 5 pages long please! Im just kidding anyway you write so fast compared to other writers, keep up the great work! Thanks for making enjoyable books for me and everybody else that sent out a review. I started reading this book at 12:00 (night) and I had fun and read to 1 o clock. keep on writing new books. You might be able to make another series if you keep doing what your doing. I rate this book a full 5 stars because of the ending and the action. There was always action in the book. never a break but it was good and fun. im 10 years old and my name is Dante

This book is pure awesome. #1 was recommended to me and then I just read the whole series. (Spoiler alert!) I love how in this book steve gets an iron cheapskate and helmet. I also like how

descriptive the author is when he describes steve defeating the skeleton king. This was my second favorite, see my review on steve the noob 15, my (obviously) first favorite.

Every time you come out with a new book, I want to use my allowance on your books before it is given to me. I was so excited when you came out with this book and 6, I almost jumped out of bed with glee. I have a recommendation for book 8. He should find diamond and gold after he defeats the skeleton boss. Then Wanda the witch should make him plant a garden with a fountain. He could use some of the redstone he found for it so he learns how to use it. Anyway I love your books and I hope you keep writing. FROM:RainbowCreeper

we have always loved this series and still love it one thing i wanted to change was i felt like the characters are too predictable and there's nothing that i can't guess..... buttttt YOU STILL HAVE US READING WHICH MEANS THERE'S A AWESOME STORY PLZ INCLUDE OUR OR DEVLIN IN THE NEXT BOOK ALL MY CLASS MATES ARE SAYING THEY PROBABLY READ AFTER I TOLD THEM ABOUT IT CAN I PLZ BE A CHARACTER DEVLIN THANK YOU KEEP WRITING

this is a great series, but the author name is different. its normally "steve the noob" but this time its "the noob,steve" i find that weird. i hope nobody else wrote this. _ . kall20
