Catch The Jew!

Synopsis

Tuvia voted top 100 people positively influencing Jewish life, 2015, by The Algemeiner 250 5-Star reviews don't lie! Has been #1 in Israel, #1 in Germany and #1 on - Politics and Israel - DON'T MISS OUT!! Catch the Jew! recounts the adventures of gonzo journalist Tuvia Tenenbom, who wanders around Israel and the Palestinian Authority for seven months in search of the untold truths in today's Holy Land. With holychutzpah, Tenenbom boldly goes where no Jew has gone before, at times risking his life as he assumes the identities of Tobi the German and even Abu Ali in order to probe into the many stories in this strange land and poke holes in all of them. From the self-hating leftists in Tel Aviv to the self-promoting PLO execs in Ramallah, from the black-clad Haredim of Bet Shemesh to the glowing foreign human rights activists in Beit Hanina, from Jewish settlers and the Christians who come from abroad to toil with them to ardent Jerusalem monks and Bedouins in surprisingly glorious shacks, Tenenbom takes on the people of the land, getting to know them and disarming them as he breaks bread and mingles with anyone and everyone. Does Palestinian wife number one hate the Jews more than she hates wife number two? Who finances cash-rich NGOs pursuing a Judenrein Israel? Who sets Palestinian olive groves on fire and why? What is the emotional gravity that pulls idealistic human rights activists from other countries to Israel and only to Israel? Who are the flaming feminists who sacrifice their lives for the rights of polygamists? Whose land is this, anyway? By turns poignant, enraging, and laugh-out-loud funny, this unique travelogue lays bare the intensity of this turbulent land in an unprecedented, eye-opening education, person by person, city by city, and meal by meal. You will never look at Israel the same way again. Run to your nearest bookstore and pick up a copy . . . I haven't laughed this hard out loud in a long time . . . This book is a must for anyone who wants to formulate an independent opinion on the reality in this region. (Israel Hayom)

What would you do if you read a book that predicted the end of your country...and, in effect, the end of your life and those you love? You'd probably cry a bit...I did. You'd probably reject it...I do. But you'll think about what the author wrote...I am. You'll want to dismiss it as nonsense...I wish...more, I believe he is wrong. Tuvia Tenenbom has written a book, "Catch the Jew". He's a fantastic writer - more, he's a journalist...and I can tell you I say that about very few people today. Most so-called journalists, certainly the ones who work for BBC, CNN, and sad to admit, even the "friendly" media like Fox News, are more interested in shaping the news, rather than reporting it. They "frame" it, they will tell you, but the frame is faulty because it comes with a predetermined conclusion.

Tenenbom's book doesn't. You aren't quite sure where he's going to end up - at varying points, you wonder whether someone else will be finishing it because he ended up getting murdered upon discovery that he isn't the Aryan Christian he pretends to be. He goes among the right and laughs at them; he meets with the left and finds them moronic. He meets with Druze, Bedouin, Muslim, Christian and Jew...and pretty much every denomination among them. He predicts our demise, the end of Israel. There is no other conclusion that he can come to, having seen the endless efforts the left devotes to this very goal. Israel, he writes, a beautiful, amazing, brilliant nation...cannot defeat the Germans and the left, the anti-Semitism, the NGOS and the Europeans and the UN. It is, he believes, a foregone conclusion. No Tuvia, the book is great, but the ending is wrong. They've shot missiles at us...they've sent suicide bombers...
