## Customer Reviews

worth owning. A must have for first year law students. I only leave four and five star reviews for products I would purchase again and recommend to friends and family. Please comment with any questions.

An even more valuable tool for law students than a commercial outline. It breaks down the black letter law and gives examples. Super helpful to me!

This is a great book if your a first year law student or just looking to brush up on your contract skills.

Extremely useful and a gem. I used this book every day of class and I highly recommend to anyone whose class requires the use of the UCC or any of the other selections written in the book.

Bought this book for my Contracts class. It worked well for what I needed it for. All the UCC Sections and the Restatement of Contracts in one convenient book.

This book gives you a lot of insight into the UCC and other Contracts topics. It is a good companion to a Contracts book.

Extremely helpful for first year law students or as review for the bar.

Required for class. Shipping was perfect.
