Was hoping to be able to remove posters, place in a frame and display my favorites. Unfortunately, all of my favorites are the classic posters prior to the attitude era. Only 10 of these posters are prior to attitude and non during the new generation. And all of these classic posters are printed on the front and back of the same page. Like the hand drawn artwork of Royal Rumble 1992 and the epic match up between Hogan and Warrior at Wrestlemania 6? This book forces you to choose which you like better. Now if you love Triple H then this may be your book. Of the 40 posters, his face appears on 7 and none of them are the front and back of the same page. So of the 20 posters you

can display, 7 could be of everyone's 4th or 5th favorite wrestler of the attitude era. A huge lack of variety and poor poster choices make this a huge disappointment.

I bought this knowing that the posters were double sided, if you didn't know this...well now you do. This was fine for me because as a 25 year old adult man, I don't really NEED 40 wrestling posters on my wall. I still used 11 of them however. The posters were a lot larger then I anticipated. I thought they would be maybe slightly larger then the ones that would be in the old WWF magazines, but they are way larger. The quality of the posters are outstanding. Now the majority of the posters are from 2006-2013, there are a couple from the Attitude Era and a couple from the Golden Era. I hung up most of the Wrestlemania ones (6,17,26,28,and 30), as well as the ones that featured The Undertaker and Triple H since their 2 of my favourites. Long story short, would definitely recommend if you are a proud, unapologetic wrestling fan who constantly has to justify your love for this wonderful modern day art form to all your ignorant mates who feel the need to tell you it's fake. Fly your posters proudly my friends!

The Posters are awesome , great collection .... Worth it if you are a WWE fan
