Customer Reviews

I got this book for \$2.50! I thought for sure it had major flaws, missing pages, etc. Something had to be wrong for getting a list price book of \$16.99 for \$2.50. I was wrong. This is a fantastic book for beginners or someone just looking for new juicing recipes. Easy to read and very great pictures. It has a beautiful cover and is wonderfully presented. Would make a great gift with a nutribullet or new blender. Can't beat it for the price.

I am very pleased with the purchase of this book. I have discovered that 99% of the recipes contained therein are concoctions I will not hesitate to make using my Nutribullet. The recipes are so simplistic as well as effective, and I enjoy exploring the many possibilities on the road to reclaiming my health. This book is a must for juicers.

I bought this book for my brother and had actually found it cheaper here on so I returned the other to the book store. Needless to say he loves it! Was his favorite gift on this last Christmas!

Was going to use this with a Ninja juicer but I had too rein myself in due to budgetary problems. But at least I will have the book already just in case Santa will bring this 66 year old "ole lady" a Ninja juicer or other machine they have.

I should have bought 2 when they were less than \$3. (now 12\$.) Beautiful hard cover book. It was a gift and my friend loved it!
