Customer Reviews

Entrelac crochet project is a passion for me. But, I thought it would be very difficult to learn. So, I haven't started any project till now. But, I am very confident. This book helped me very much to learn basics of crochet techniques. I am going to create some stunning project. I am sure my friends and relatives will be impressed. Author us explained everything with easily understandable pictures. Lear it and be a great artist!

All to often eBooks are simply a book of words leaving you to interpret what the author is saying. Not so with Entrelac and Filet Crochet. This blends beautifully the written word with nice photographs which explain what you need to do. It is extremely easy to follow and has some nice patterns as well. This would be ideal for anyone wanting to learn the topic for the first time.

am a knitter looking for some detailed and simple instruction on crochet. This book fits the bill. Clear and concise explanations on crochet. I like this book. It is not confusing to a novice and sometime in the future plan to practice more crochet.
