## Customer Reviews

I was excited to find a book that was full of "recipes for one." In the introduction the author states: "Many times, the recipes that you search for are tailored to a set amount of people and serving sizes to feed at least four people." Then I started to read the recipes. The recipes sounded yummy,

but about four recipes in I read these ingredients: 2 lbs. hot pork sausage, 2 lbs. bacon, 2-1/2 lbs. hash browns and so on. Need I say more? This is not just for one. I can take the recipes I already enjoy, make those and put them in the freezer in portions for one. There are some recipes for one, but I'd say over half are family sized recipes. Some recipes list ingredients in metric measurements, some are our usual measurements. I was very disappointed in this book. It might make a good general recipe book, but it's definitely not a book with recipes for one,

Very disappointed. This cookbook appears very sloppily put together in addition with some recipes that call for 4 cups of broth or 1 to 2 dozen eggs 2 pounds of pork sausage and 1 pound of bacon. Those are not recipes for one. The recipes are also not consistent with the measurement that use metric and American sometimes in the same recipe. Also no pictures and typos in this book. There are many better ones out there.

I found it using too many unusual ingredients and most not to my old fashioned taste.

I would recommend this to people cooking for one. As a lot times recipe will say cooking for one and really are not for one person. So I enjoyed this book.

This book is the best for someone like me that lives alone, the recipes are absolutely delicious.

There are recipes for foods I am not supposed to eat - just a few I can use.
