## Customer Reviews

This book was an excellent timewaster. These books are interesting and well written and the author, "Herobrine Books" spends more time in his books than others. If you guys like MC diaries, I highly recommend reading Cube Kids Minecraft villager series. Also, WHEN IS BOOK 6 COMING OUT ON YOUR ZOMBIE SERIES!!!!?!! WHEN!!!!???? :(

Wow... you could have at least given CREDIT to those youtube parodies! The first story was based off of take back the night, and the second was from supernatural mobs. Plus, how do you know the

skeleton king slaughtered his own minions for "practice"? I mean, he doesn't need practice! In the video, he never is shown practicing! Or killing his warriors. Wow. Still, I DID like reading it... So, I guess it's a good book!

It is a very good book. I would recommend this book to all minecraft players. This book is rather awesome. [12yr-old reviewer]

Exact version of captain sparkles take back the night. Loved it still because it was different and i love the story. Stupid 20 word limit.
