I bought this for my brother who is in prison to keep his mind alert. It has a puzzle for everyday in 2016. So far, he has really enjoyed working on them and has even elicited the help of some fellow cell mates. It was not expected to arrive for Christmas but he actually got it before Christmas came. Thank you for sending it so promptly!

Great Sudoku puzzle book! Then, why just 4 stars? First, I find the "difficulty" levels assigned to each puzzle are not necessarily correct. I often stumble on an Easy, then flow through a Deadly.

And, what's the difference between a Nasty and a Cruel? I would rather not know what I'm working on. Also, and not important either, but what are the dates for? Guys, (and gals) I really enjoy Jonathan's puzzles; if you think I'm wrong, let me hear it.

Best Sudoku Book available!!!! Great fun for the whole family...all levels of challenge. The entire family loves this book...yes, that includes the kids. If you like puzzles, games, etc this is an absolute must have!!The Must Have 2016 Sudoku Puzzle Book: 366 puzzle daily sudoku book for the leap year. A challenge for every day of the year. 366 Sudoku Games - 5 levels of difficulty (easy to hard)

I can't believe another year has passed. Soduku has been a great family challenge since back in 2012 and blooms books have been there for us each and every year. More than that, bloom seems to know exactly the right difficulty for every day. Its a unique combination of soduku and daily coaching. Thanks Mr bloom. See you for more fun in 2017!

Jonathan Bloom has done it again. He is the undisputed king of Sudoku. This book is a great family addition to his numerous other books. The different levels make it perfect for amateurs as well as advanced Sudoku aficionados. Highly recommend.

I really don't like this book. The difficulty levels indicated are a joke and bear little relation to the puzzle's actual difficulty. Sometimes I just want a fairly easy puzzle to occupy my mind, and this really doesn't help. I find his assertion that these "easy" ones should be doable in 5 minutes is ludicrous, and I seriously doubt the author himself could do them that quickly without looking at the answers. I won't be buying anymore of Mr. Bloom's books. There are a lot of our sources for sudoku puzzles that are better than this.

Even the easy puzzles are frustrating. My husband does these puzzles all day and takes them everywhere he goes. So I was surprised that he was frustrated.

Great puzzle book. Lots of different difficulty levels and clear, crisp print quality. Will definitely buy the next one next year as well.
