Financing Education In A Climate Of Change (12th Edition)

Synopsis

This new edition of the classic text in the field of school finance retains the practical tone and superior presentation that made the previous editions best sellers, while presenting the most up-to-date information and material available on key subjects. Here readers get a firm, balanced look of all facets of financing education, clarified and reinforced through numerous clear tables, figures, and key concept lists, and a tone and presentation that illustrates even the most difficult concepts. The new Twelfth Edition of Financing Education in a Climate of Change includes information on hot button topics such as the economics of education, recent court decisions 50-state comparison tables, the Common Core State Standards, and the ongoing debate about school vouchers, tax credits, and charter schools.

Customer Reviews

Drs. Verstegen, Brimley & Garfield wrote a great book. It breaks down difficult concepts into easy to understand information. The charts and tables are excellent. It is the most up to date book on education finance in the field and definitely worth it.

Honestly, one of the most incomprehensible reads I have ever encountered. Unnecessarily convoluted. I wouldn't waste my money. Most of this information can be Googled anyway.

Good book, but way, way overpriced for a paperback. Bought this only because it was a graduate class requirement.

Not worth the asking price AT ALL!!!! The print is small and it is not very well written in an organized style.
