Cryptograms, Volume 2: 330 Puzzles

Synopsis

Have fun with these 330 cryptogram puzzles in an 8" x 10" book. The letter A is the only starter letter, so some puzzles have no helpful hints. Don't worry, pages 106 and 107 have two hints. Some are easy and some are more difficult, depending on your experience. All our puzzles, Sudoku, cryptograms, word searches are specific for brain development. We try to make our puzzles for all ages to have fun. If you're interested in journals, check out our array of beautiful journals from Kooky Journal Lovers.

Cryptograms, Volume 2: 330 Puzzles - It's OK - I purchase cryptogram puzzle books for mom every month, I probably bought a couple of dozen of those listed on . This book just arrived and It's ok. the paper will take pen or pencil fairly well as it feels like a heavy newsprint stock paper bound in a softcover glued binding. The letters are smaller than desired and appear to be about 10pt font size, not the easiest to work with. Every puzzle shows several letter answers so it's probably too easy for mom. It'll work but there a better products out there.

I love these Cryptogram puzzle books. I've done both volume I and volume II and I'm waiting for them to come out with more of these books I do cryptograms all the time and these two books have been the most fun. When are they going to come out with more books like these two?

I love these cryptogram puzzle books. I can't wait till more of these are available.

I had a hard time going from numbers to the letters.

These are not regular cryptos like in news papers and not what I like or expected.
