Customer Reviews

There's not much I can add to my reviews of the two previous books of similar ilk produced by the same group that produces QI, the very entertaining British quiz show. These facts are, indeed, quite often quite interesting. I constantly find myself reading parts of it aloud to my family. We are always happy to see a new volume.

A few brief lines on a mostly blank page as well as written on a 2nd-3rd grade reading comprehension level, did not knock myself and 4 others sideways.

Interesting, thought-provoking, and laugh out loud funny.

Exactly as expected. Very interesting

Fun book for parties!!
