Customer Reviews

This book explains briefly what is evernote and how important it is in changing oneâ™s life. It is an essential guide in improving productivity, save time and organized things in just a short span of time. This book provides step by step guide that are easy to follow and clearly explains like proper notebook organizing, creating and sharing notes. This book is fun and interesting to read, many useful ideas you will get, tips and tricks are also being discusses in this book. This is worth to read.

Evernote changed my working life before reading this book. I felt Evernote was a life changer and a social changer. So, wanting to know more I bought this book. First, it mention the power of change for your life. This is for me the key aspect. Also, I learnt some things I didn't knew: for example a method to organize your notes and Norebooks for each specific project. As I have many related projects going along, this was for me the invaluable new idea in this book. Another useful thing I learnt was how and when to link notes together, as well as creating indexes. When I uploaded Evernote it became my workspace for everything and my library to collect ideas, projects, images, document scans, etc. as this book describes. Evernote will have a huge impact in society as a whole, as in what concerns digital devices, is the case of the iPad and the iPhone. This though not a device, but an app. has a power to change people's life's as the Windows system did for computer users.

This book delivered on everything that it promised. I was a complete newbie to Evernote and I was able to install it very quickly. The outline of the book makes it very easy to understand use the

Evernote interface. The pictures throughout the book are a nice addition and make it very easy to follow along with everything. The section on the Life Stack is particularly helpful. Would recommend this book to anyone trying to learn about Evernote

Frankly, I have been using Evernote for more than 3 years but Matthew has really illustrated some amazing new facts regarding which really shocked me and revealed the hidden power of Evernote. Great job

I have been looking for an application that will serve as a reminder for me everytime there are various schedules that i need to attend and most specially at times where a pen and a paper could not be found. Well, i found the right application that serve very well its purpose. This book will definitely guide its potential users everything they would like to know

I really liked all of the extra tips in this book to make using Evernote easier and more effective, there were many great ad ons listed that are available to use and the faq section that took me directly to the section I needed help with based on my questions. I enter a lot of sweepstakes and sometimes they can be hard to keep organized. I like the web clipper app for Evernote that was suggested so that I can keep them all organized and labeled in one place.

This book provides the step by step procedure on how to use master evernote. It was presented clearly and easy to understand. Reading this book will make me understand quickly how to to use master evernote. Evernote presents a way to do just that. Now you can transfer all the things that you need to remember, store, or save for the future to one platform.In this powerful and comprehensive guide you will find the solutions on how to make yourself more productive and pro-active. A great book which effectively and concisely explains why Evernote is useful and one way to set it up to get you started reaping the benefits of the service.

Being new to the new firm who just accepted me for my second job, I am required to go to different places to attend seminars, meeting, conference, events and other gatherings. Of course, I won't go there to just be an attendee ad have fun. My job is to gather information as much as I could. But of course, due to the things that must be brought in such places, I sometimes to bring paper and pens. But since I always bring my laptop with me, I must maximize its potential.Evernote was recommended for me to use for this task. And this application did not just help me jot my notes

down, but to keep everything neat and organized! Helps me manage all the things that are on my plate. Such powerful application that must be use for jobs like I have. I am fascinated on how technology and innovations today are evolving.
