I'm disappointed. I bought the book expecting the same info, updated, and as stated, reorganized from the previous edition. I'm sorry to report that sections of the previous edition have been removed. I'll keep this edition and use as a reference, and borrow the previous edition from the library when I need the missing portions.

One of THE BEST gardening books I've purchased. Fantastic. I wish I'd owned this years ago.

A great book for a novice in the yard. Great ideas.
