## Customer Reviews

This book has good pricing and identification information as well as good stamp photos accurately showing their color. In short it must be appreciated for what it is. If you are expecting it to be Scott's US Specialized it is not and you should buy that book either instead of or in addition to. It may not be a bad idea to look through both books to determine what meets your needs before ordering. Frankly, I own them both and don't regret it.

This is a great book! I'm not sure that the pricing is accurate, but the illustrations are larger than my Scott catalogs. I purchased this primarily for US stamps, which by far is in the majority for this catalog's content. The large format and illustrations are nearly coffee table book quality. The cost is reasonable for a book like this. I'm glad I purchased it.

A must for any collector, I have been using this guide for over 20 years!

THE BOOK IS VERY GOOD WITH PRICES AND PICTURES OF THE STAMPS. I HAD TO TAKE ONE STAR BECAUSE THE INDEX/TABLE OF CONTENTS IS PRINTED SO SMALL I HAD TO USE MAGNIFICATION. I KNOW THERE IS A LOT OF INFORMATION, BUT A COUPLE OF EXTRA PAGES WOULD HAVE MADE THAT PRINT READABLE.

Very well-made and a quality product. Gave this as a gift, they were very happy with the catalog.

GREAT CATALOG AT A GREAT PRICE. QUICK DELIVERY! WOULD BUY FROM AGAIN !

I had many old stamps to look up. This catalog is perfect.

An outstanding reference book for stamp enthusiasts
