Customer Reviews

This book contains the same tests that were published as ACT 2015 and ACT 2014. All they are doing is replacing the cover and changing the year in the title. If you are expecting new material, you won't find it here.

The new essay is not discussed in this book. Only the old essay is covered.

I've always loved McGraw-Hill books. They're usually very helpful and informative. This book doesn't help with much of anything though. Waste of money! I'll be looking for a different ACT study

book!

The book has not been updated to match the changes with the test last year. The information on the written portion is completely wrong.

still awaiting for the student to use it. As best as i can tell it does not improve your score just by sitting in the room
