Business Law

Synopsis

Throughout its 80 years of existence, this book has been a leader and an innovator in the fields of business law and the legal environment of business. One reason for the book's success is its clear and comprehensive treatment of the standard topics that form the traditional business law curriculum. Another reason is its responsiveness to changes in these traditional subjects and to new views about that curriculum. In 1976, this textbook was the first to inject regulatory materials into a business law textbook, defining the "legal environment" approach to business law. Over the years, this textbook has also pioneered by introducing materials on business ethics, corporate social responsibility, global legal issues, and e-commerce law. The 16th Edition continues to emphasize change by integrating these four areas into its pedagogy

Saved me a ton of money!

This was awesome to digitally rent a textbook. I wish they all came this way, so much cheaper than buying or renting a physical book to pay for it when lost or damaged. Thank you.

The material was not damaged enough to effect my class however the book arrived with a tear 4-5 inches from the bottom in the first 47 pages.

Very interesting book, too bad I had to drop the class. I will probably request it again next semester.

Ugggghh.... I'm not even a law major. This is the thickest textbook I've ever had

A very long book but informative.... Was a requirement for Business Law I...

Good bookFine for what I needed for
