Examples & Explanations: The Law Of Torts

Synopsis

A favorite among successful students, and often recommended by professors, the unique Examples & Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples & Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples & Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with ALL the major casebooks, suits any class on a given topic provides an alternative perspective to help you understand your casebook and in-class lectures

Customer Reviews

While I find this book often gives an overly simplistic view of tort law, its clear and concise language can be a lifesaver during your 1L year. Our professor paired this book with a more in-depth casebook and I thought the two complimented each other nicely.

The classic book for understanding "what is a tort." Prof Glennon has a uniquely amusing approach to his "examples." This actually makes entertaining reading for the 'average Joe," and is in no way just a study-guide for law students. Try it and see!

Extremely helpful for first year law students or as review for the bar.

If you don't get this book, READ IT AGAIN, and AGAIN, and AGAIN until you get it. Once you get it, IT IS A TICKET TO YOUR "A" on the Torts exam. I personally, after the first reading of Duty Element, was somewhat there. However, after the second and third attempt, I got the Palsgraf, if you could understand what I mean. It feels like a break through. Good luck. VERY GOOD BOOK.

Saved me 1L year. Absolutely recommend this.
