## Synopsis

An edgy yet accessible "bad bitch" guide to life, love, and success from Amber Rose, renowned model, entrepreneur, and pop culture personality. Bad Bitch (n.): a self-respecting, strong female who has everything together. This consists of body, mind, finances, and attitude; a woman who gets her way by any means necessary. Amber Rose didn't let her early years in the tough neighborhood of South Philly keep her from achieving her star-studded goals. From the sets of music videos to high fashion runways and magazines to life at home with her beautiful son, Amber doesn't hesitate to command her personal stage with confidence, edge, attitude, and her own form of grace. For the first time, this renowned model, actress, socialite, pop culture maven, and self-proclaimed "bad bitch" is sharing her secrets on how to lead a powerful life in this edgy yet accessible guide to life, love, and success. With unparalleled candor, "Muva" pulls back the curtain on her roller coaster of a journey from a young trailblazer to a worldwide phenomenon - and it's this evolution that has influenced her intoxicating, authoritative outlook on life and love. Filled with expert advice and personal anecdotes, How to Be a Bad Bitch covers finances, career, love, beauty, and fashion while emphasizing confidence, positive self-acceptance, and authenticity. ## Customer Reviews

Anyone who found this book to be helpful is probably a horrible person. Not because they're full of

it, but because much of Amber Rose's tips are things that decent human beings should do. Granted, I love Amber Rose, I love listening to her interviews because she is such a well spoken and seemingly educated individual. That however does NOT shine through this book. Frequently Amber reciprocates the use of narratives and self help. She'll spend a page and a half talking about herself before wrapping it together with her advice which isn't always applicable. For example, she goes on and on about what prompted her to shave and bleach her hair, even remarking that people would stop their cars (sometimes getting out) just to stare at her. Then she ends it with an encouraging "do what makes you feel beautiful" epilogue. I don't know about you, but if someone needs a confidence boost reminding the reader of how your beauty can literally stop traffic but hey reader, you're pretty too just believe in yourself....doesn't really have the right ring to it. At one point she rambles (yes rambles) about her celebrity makeup artist friend (before rambling about her friendship with this person) during the beauty portion of the book then says (something to the effect of) "if you don't have a celebrity makeup artist..." um, well duh. Most people don't, also how is this supposed to be helpful? Also her 10 helpful hints which include no yelling (anyone remember hearing this in elementary school?), hold your head high (sounds like every motivational Facebook post) and always tip well (and you should, people spend their time trying to make you comfortable/happy/satisfied at their expense.) I could go on but you get the point. Oh. And she often mentions God and being blessed.
