Customer Reviews

This is very unusual story telling and makes the reader feel as though they are actually there and a part of the story. It is a quick read so perfect for a rainy afternoon at home or while waiting for doctor to see you. The art work is amazing. This gifted author and artist obviously has a great future in either or both fields.

This is a well written short story for a quick escape from your day. It is one of those books that can

draw in your attention along with your senses- a sign of a talented writer.

A great short story for an afternoon!

Slow, too short.
