Customer Reviews

A good quarter of this book is devoted to the rambling tirade by the author, on how "everything-is-bad-except-blowing-people-up-and-doing-lots-of-drugs". Very little information of substance. If this is the best the "Revolution" can come up with, then the movement is well and truly screwed.

This is most likely the worst con on . A corrected and second source referenced immense pile of organic fertilizer. I will write but not try to sale volume 2 and hope to escape the immense

embarrassment of trying to profit off a vile waste of poet

"Corrected and Updated"? Not as far as I could tell. Maybe some mis-spellings or obvious errors were edited out, but not much has changed since the original issue.

Pretty damn good but, some unclear instructions

I agree with 90% of the other reviewers on this piece of literary hocus pocus. This "book" contains enough useful information to endanger anyone who attempts diy reproduction of its recipes. The main recipe contained within its covers worthy of notating is a recipe for disaster to anyone within a quarter mile of the initial reader using it as an instructable. Reader and buyer alike beware! The info inside is inherently dangerous & not meant for individuals whom have no background or formal training with the mentioned materials. One tiny mistake resulted in the untimely loss of a loved one 3 years ago for me and my family. A true shame to us and the rest of the world. Please DO NOT utilize this book for anything other than a meer fictional read.

mmm gwine makes some noise and stuff. Glad they fixed the recipes but i still don't think i would ever use anything in this book. Too many legitimate instructions on destructive devices on the internet these days. Just a walk down nostalgia lane for me

Poorly written, far left wing gibberish. Incomplete, far fetched, or useless recipes. Don't waste your money or device storage

Author knows nothing about firearms. I bought it for entertainment value. Like many of these DIY rebel manuals, it shows ways to poison yourself or blow yourself up.
