## Customer Reviews

I never played football but I loves watching the game. It is a game of strategy and strength. I enjoyed reading the book so much and learning or I may say discovering exactly how to play and all about Football. I finally know football that it is a game by heart. So true if I may quote from one of the line in the book " You have to have fun with what you're doing or your heart won't be in it".

For anyone into betting on football outcomes, I bet this book comes in handy. Itâ™s something I would never do myself, but hey, if you want to know some of the tricks, then itâ™s almost like investing. In this book, youâ™ll learn about strategies, and the definite donâ™ts of the trade.
