# The Union Of Isis And Thoth: Magic And Initiatory Practices Of Ancient Egypt

## Synopsis

An initiatic guide to temple construction on the spiritual and physical planes • Details the initiations for consecrating yourself as a divine vessel • Guides you in building a sacred inner temple for connecting with the gods of Egypt • Delivers shamanic journeys and initiations on ascension, shamanic death and renewal, soul retrieval and healing, multidimensional realities, and more Deep within each of us lives a primal memory of a time when the natural world was recognized as divine and our temples were built from sacred materials enlivened through magic. Temples were not places you visited once a week; they were centers of community, divine work, healing, and wisdom, places where Heaven and Earth meet. This union of Heaven and Earth--the sacred temple--is also a union of Thoth and Isis: the Egyptian god of wisdom and the creative cosmic force and the Egyptian goddess of civilizing knowledge. Their relationship established the celestial teachings on Earth, for Thoth taught Isis all the mysteries and magic she knows and Isis acted as Thoth's instrument to deliver the teachings in a form humanity could use. In this initiatic guide to temple building on the spiritual and physical planes, Normandi Ellis and Nicki Scully explain how to create a communal spiritual structure for connecting with the ancient Egyptian pantheon as well as how to consecrate yourself and become a vessel suitable for divine wisdom and a home for your personal gods. The authors detail the construction, shamanic visioning, and ritual consecration of a Moon Temple dedicated to Thoth. They explore teachings that help you develop relationships with the Egyptian neteru and realize your place within the family of the Egyptian pantheon. They guide you as you create your inner heart temple, the adytum, a safe place in which to receive guidance and access your higher spiritual bodies and oracular gifts. They provide shamanic journeys and initiations on ascension, shamanic death and renewal, soul retrieval and healing, multidimensional realities, and more. By creating a sacred temple within and without, we each can take part in the union of Isis and Thoth and restore the magic of the Egyptian mysteries to our time.

## Customer Reviews

I would recommend everyone to read this book at least once. It is written in such a comprehensive form. Some authors of this type of book fail to get their point across to the reader. Their message can get misconstrued in a bunch of goobly gook that no one understands but the author. But Ellis and Scully has provided the world with a book that is easy to comprehend and apply to our daily activities. There are many passages in this book that slapped me in the face and woke me up spiritually. Enjoy and enhance your spirit.

Building on and giving an emotional depth of understanding to some of R. A. Schwaller de Lubicz and John Anthony West's work, this research brings out something often overlooked by researchers: "the sacred temples were more than a place where sacred knowledge was imparted; the structures themselves were the teaching. In today's world, where the history of healing has been sanitized and condensed into sound bites, I found this book to be a breath of fresh air, clearing out the dysfunctional thinking of our modern worldview of traditional healing and ancient history. Reading this book reminded me why I write about information like this...to wake people up. The Union of Isis and Thoth is a must read for any person who has any connection with the Gods and Goddesses of Ancient Egypt. This is a profound and powerful book full of shamanic journeys that not only more intimately acquaint the reader with Neteru of Ancient Egypt, but also introduces you to your personal Egyptian guide. You are guided in the construction of your own inner temple and given insights into building a partnership with Spirit to put magic to bear on the healing of our planet Earth. I have been a member of Nicki Scully's lineage for many years, so this review is not exactly unbiased. Normandi Ellis and Nicki Scully are very good friends of mine. I have watched the

development of the adydum at Nicki's for the start, and loved reading this book. For me, it was a trip down memory lane - for you, it will a whole new way to connect to the Divine.

Normandi Ellis is a keeper of knowledge who shares it :) Thanks!
