Customer Reviews

The description says these are "easy" puzzles. I'm glad I didn't get a "hard" puzzle book! I have done enough of these omnibus puzzle books to figure out how they work -- every other puzzle is more challenging than the previous one, or the next one. These books are my favorite and just challenging enough to cause me to put on my thinking cap.

I have not started doing it as I have 9 puzzles left in Volume 10. I am sure it will meet my expectations as I have gotten just about everyone of Will Shortz' "The New York Times Easy Crossword Puzzle Books." I bought Volume 11 so I would have it to start when I finished Volume 10. The price was fantastic, I pre-ordered it to make sure I would get it. I'll be glad to do a review in a month or so when I am into it. I gave it five stars because I just know it will be as great as all the other ones. Sincerely, Marlene Fitzgerald

I am a crossword fanatic, these puzzles are just right for my level but still engage by brain!

I love to do crossword puzzles and these are really one of my favorites.
