# Hepatitis B Treatment: An Essential Self-Help Guide For Treating And Curing Hepatitis B (Hep B)

## Synopsis

If you want to learn all about Hepatitis B and adopt your own self-help treatment at home in order to cure it, then this book is for you! Read on your PC, Mac, smart phone, tablet, or Kindle device. Hepatitis B is an infectious disease caused by a virus that attacks the DNA of your body's cells. It can occur without symptoms in some individuals until the infection becomes life threatening. For this reason, early detection and early action are crucial so as to prevent further complications and begin treatment measures. However, finding a cure for Hepatitis B virus can be a challenging task because people respond differently to medication. Since there is no single treatment for the condition and viruses are difficult to destroy, it is important to get a proper diagnosis from your doctor and commence treatment immediately after. Delaying this process can worsen the condition. This book is designed to help you become aware of the various treatment options for Hepatitis B. It will also present simple self-help guidelines that you can adopt to help cure the infection at home. Other valuable tips are also included to provide you with plenty of sufficient information to understand, effectively manage, and successfully combat your Hep B so that you never have to worry about it again. Here Is A Preview Of What You'll Learn... Understanding the Hepatitis B Infection The Cause and Symptoms of Hep B Available Medical Treatment Options Essential Self-Help Treatment at Home (DIY) Complementary Methods for Treating Hepatitis B Other Important Tips on Prevention and Treatment Much, much more! ## Customer Reviews

Hepatitis B Is Scary! There are five major strains of the Hepatitis and B is the one that sneaks up on you. It is a virus transmitted by sex, a simple thing like a tooth brush, a break in the skin, a scrape, open wound or lesion. Hep B (Serum Hepatitis) attacks the liver with slow almost unnoticeable symptoms. And most important it is deadly. Author Holverson book provides you with the most needed information. Information to keep you away from Hep B. She reveals the symptoms you can watch out for. You will discover the very important tests you can run at home. You will learn about the treatment you can perform at home and the medical treatment used by today's doctors. Also important information on treating your family if you have Hep B to prevent spreading. A very important book for everyone to stay healthy! Recommended!

As someone who is a carrier of Hep B, this was so helpful to read more about this. I will stop at nothing to fight and try to get this awful disease out of my system. It's incredible to me how many doctors and nurses still don't know a lot about Hep B. I've been told so many different things by so many different doctors. I'm constantly learning. Thank you!

I love it because it's so easy to read and understand and everything is based on life style and food
