# Give Me Liberty Or Give Me Obamacare

## Synopsis

From two-time Pulitzer Prize-winning cartoonist Michael Ramirez comes a collection of conservative political cartoons forming a satirical history of the Obama era, with a foreword by Dick Cheney and an afterword by Rush Limbaugh. *Give Me Liberty or Give Me Obamacare* is a trenchant and outright hilarious collection of political cartoons, presenting a wonderfully intelligent and beautifully drawn snapshot of the absurdities of the Obama presidency. Ramirez tackles everything from Obamacare to the economy, foreign policy to culture wars, the environment, and much more. Says Bill O'Reilly of this great talent: "Michael Ramirez says more in one cartoon than most talking heads say in a full day." • With *Give Me Liberty or Give Me Obamacare*, he offers the conservative reader a compilation of his award-winning cartoons and a clever way to remember the eight years they've hated!

## Customer Reviews

No one but NO one does political cartooning with the skill, wit, and sheer artistry of Michael Ramirez. This collection of recent cartoons will remind you of topical issues that have been pushed out of the limelight (in some cases deliberately) but remain unresolved. Ramirez has the rare gift of being able to make you laugh, wince, and think at the same time. He is a national treasure and this book is a delight!

Ramirez is a remarkable artist, and the small images of his daily artworks in the daily paper don't do

justice to his skills. This book has a nice set of excellent drawings that are printed large enough and well enough to show all the details. Michaels genius isn't a simple cartoon like many other op ed artists, but he has little messages sprinkled throughout his drawings. Beautiful book, fun read.

Michael Ramirez has a way of cutting through everything and getting his point across in one picture and (sometimes) a caption. No wonder why the guy won two Pulitzers. This book is could be called an American's guide to political idiocy--> Ramirez takes no prisoners in this comprehensive cartoon commentary of the past six and half years. I would get this book ASAP, if you don't you are really depriving yourself. Buy it in hardcover because you will want to read it over and over!

A picture is worth many more than a thousand words. The most skilled orators could not drive home the message as well as a single Michael Ramirez cartoon. He has already won two Pulitzers in an environment that does not generally reward people of his political persuasion, one need not read many of these pages to understand why. Ramirez is greatly gifted, and this book is another gift to us. Thank you, Mr. Ramirez.

I thought I had seen all the cartoons and bought the book since the first one was so good. I came to find that more than half of the cartoons were new to me and I keep up with Investor business daily. It was a long wait but well worth it and I have no idea how Michael come up with the brilliant and right on the mark hits with his work. I am hoping hillary gets arrested and joe biden gets in so Michael and the other cartoonists can have a hay day. Great work Michael!

Just going through my copy for the SECOND TIME. It is like a treasure chest of rare and valuable gems. Filled with truth and bursting with Michael's now-legendary wit and deft artistry. Like da Vinci his ideas are world-changing and his art is breathtaking. CAUTION : Along the way, Michael Ramirez might also change your opinion on many subjects ... unless you are unmoved by clarity of thought and presentation of facts.

Beautifully illustrated with creative conservative humor, this is no book for a liberal, progressive, or left-leaning Democrat. The drawing transcends brilliant and some cartoons are thought-provoking, leaving the reader to try and discern the message from the artwork. It is rare when a cartoonist can express logical political thought through drawing, but Michael Ramirez seems to have been born with the gift.

Michael Ramirez is the best political cartoonist working today. His points are spot on and his drawing skill is light years better than any other cartoonist. While I really didn't want a hardcover I must say it is coffee-table quality.
