## Customer Reviews

I love all of the E&E books, but this one especially because the textbook required for my con Law class is unbearable. I literally just gave it away after I found myself wondering what it was I had read numerous times. Now I just review the topics for the week, download the cases from Lexus, and read this E&E to prepare for class. I find that I can follow along with most times a better understanding of topics than that of my peers.
