Customer Reviews

For a smaller book, this really gave me information that I have already put to use. In this book, there is a section called The 21 Minute Ritual that will change your Life. This I found the most meaningful to me.Also, there was other suggestions in the book that I found of use to me such as adding GABA to the diet and which foods fave it naturally.The reason that I gave it 4 stars not 5 stars was because I would have liked to have aeen more details in the book on other natural medications than were mentioned in the book.Overall, this book is a quick read and good read.

Didn't tell me anything I didn't already know.
