Customer Reviews

I love my cast iron pots as a matter of fact all my pots are cast iron. I grew up with my mom using these pots. They are durable and last for years only thing they are not non stock. So it was to my surprise when I saw this cook book with recipes that I can prepare with my favorite type of pot. I

grabbed this book immediately. There are some delicious recipes in this book and they are all easy and quick to prepare. Most importantly, I have no problems getting the necessary ingredients at my local grocery store.

Rebecca had amazing variety of recipes for the cast iron skillet. The chapter about taking caring and using the skillet very important to the cookbook.

I may not like all the recipes in this book but they make a great base to start with and you can add to them to make them your own. Thank you
