Cute "Photo-shoot" items... Not sure how practical all of these would be, like the Turtle getup. But as costumes for taking photos, there's a nice selection. There are also regular outfits. Very cute.

Truly easy to understand crochet patterns which use common phrasing. This ebook is a joy to work with. The full color photography of beautiful babies wearing each project is both lovely, and project based. A must for baby shower crocheters :)

I am totally a fan of Posh Patterns!!! I love all of her designs and her directions are solo easy to follow! Because of Posh Patterns and 2 grandchildren I have re-entered the world of crochet after a 30 year absence.

I downloaded the free sample and made the pants. The directions we're wonderfully written out and

extremely easy to follow! I am still a novice when it comes to reading patterns but with these directions I made them in no time. Without tears and ripping out my rolls! Just as soon as I can afford this I am going to buy it! I cannot wait to find more patterns by this talented author!

I was just about to buy this pattern pack, and then it was offered for free!!! I can't wait to make these for my tiny baby! Just waiting to find out if I'll be making mermaid tails or boy turtles!

Every pattern in this book is really beautiful! I can't wait till I do some of them, I love giving handmade gifts to new mothers....

Love all the patterns. Posh Patterns has some great and easy crochet patterns. Love that it was a free download. I have purchased a lot of her patterns.
