## Customer Reviews

I am a homeschool mom and was looking for a nice Bible study to do with my elementary kids. This one had some good reviews, so I decided to give it a try. I am so glad that I did! It starts some really wonderful discussions and some thought provoking ideas for both the kids and mom. This book has become one of our favorite parts of school time.

Actually written on a level that works for my 13 yo & 16 yo. girls. They had to get past the looks of the cover, as it gives a much younger feel to it, and just focus on the actual content.

I can't speak enough about this book . We have four kids from ages 4 months to 9 years old and we all absolutely love it and look forward to it every night as we do our devotional time. This book has brought us closer as a family while enjoying our time with God and his word. This is a great tool to

dig in with the whole family I highly recommend it. Hope they have another coming out soon kids are already looking forward to it !!!

This is an EXCELLENT Bible study for kids and adults alike. I use it for my boys, ages 6 and 8, and it opens up doors for discussion and life application. After we finish this series, we'll be purchase to order another. :)

This is a great summer devotion for the kids! I print out the scripture on the computer so each of my three boys has a copy and can do the activities he asks. It only takes us about 15 minutes a night to do a lesson. I like that the lessons start good conversations. Thanks!

I really like this. It's easy enough to tailor to younger or a bit older kids (4-10), and the verses generate great discussion. If you aren't using the same translation, some of the questions don't work exactly the same. This definitely isn't a study for a parent who doesn't already have some Biblical knowledge of their own under their belt. I find the scriptures alone, before I even get to the questions the studies pose, have given my children and I great discussions that are strengthening my desire for wisdom! I feel like the questions themselves really may not work as well if you have a different translation you're using, but overall I really like this study.

My kids enjoyed this book so much. It was nice for them to have this and it was great to have during dinner time for discussion and then doing the activity afterwards together as a family. I feel like this book really helps in bringing the family together and getting everyone involved in Bible study.

I got this as a Summer reading project for my Grandson, age 7, and I. Well worth the time invested in him! Easy to read and understanding.
