## Synopsis

A classic bestsellerâavailable to the general public for the first timeâthat uses the science of numerology to pick winning horses and make money for bettors! For racing fans frustrated with standard systems and handicapping, this legendary book, already reprinted 15 times, is based on ancient Indian wisdom and allows players to pick winning horses without a system. Updated and redesigned, this timeless classic uses numerology, the science of numbers, to sidestep all the systems that frustrate losing horseplayers and allows them to pick winners without any consideration of form, breeding, conditions, distance, speed, jockey, or any of the many factors weighed by the researching handicapper. Numerology has proven very successful for people in all walks of life, and now Gamblerâs Book Club releases its in-house best-seller to the general public for the first time. As fans of Mozanâs Racing Numerology know, this is a great book for horseracing bettors who are willing to go that extra step for a big payoff.
