## Customer Reviews

I have studied English for years in the high school but I still have problems when I have to speak the language. With the help of this book I have already get rid of my terrible accent and I can make conversations with more confidence. I am really happy that I have found this book, because it's easy to understand explanations gave me a lot more knowledge than the other usual language books. Thanks for the author!

This has been quite a read. For anyone whose major language is not English, this book will be a great help. First, it has been written by someone who has been thru it all, so I think this is a credible book. It has given actual situations and tested tips that will surely come handy for anyone needing them. I think this book will go a long way in reaching out and helping non-English natives to be 100% speakers soon.

I'm an ESL teacher and actually self taught myself Japanese this way. His method is a very effective way to gain fluency. The author does a really good job of outlining how to do it and I really recommend this to anyone who wants to improve their skills.

I grabbed this book with the hope of improving my English communication skills. I was honestly expecting English lessons and exercises in this book. I should have re-read the title before purchasing it. Nevertheless, it did not disappoint me. I like it that the author set a personal tone as if he's directly speaking with his audience. I have learned a lot from the personal experiences he shared. This is recommendable for anyone who would want to learn how to speak English fluently. This book is not only informative but inspirational too.

It's great for busy people who have problems with free time. Although learning English is very important and you should set aside some time to immerse yourself in it! My mother is an English teacher, but I find it hard to deal with her, so I'm trying to learn the language for myself. I like it dialect, the pronunciation of words. I'm watching a movie in English, but now I have this book, I

hope in 6 months I'll know it.

This book is a great book for those who wants to learn the secret to speak English like a native in six months, Full of tips to learn the English language, Amazing book for real, I liked all the tips and techniques mentioned in the book for learning English the Easy way. A very simple and good reference to help you become a native in English, highly recommended.

I decided to buy this book in an attempt to improve my English, after reading through this book i can honestly say that it helped me to greatly improve my vocabulary. I liked how the author made it easy to understand and i liked the chapter that talked about speaking like a native which i thought was interesting. Overall great book on english

As a non native speaker I really like this book because it is written from the author's own experience. He knows what we are going through because he one walked in our shoes. I really like the tips he is giving and his advice really work! I would highly recommend this book to all the people who want to learn how to speak fluently but they have to be persistent!
