The Billionaire's New Slave - Book 1: Trial

Synopsis

Billionaire Donovan Keegan is bored with the usual masochists and submissives found at his preferred, private clubs. He wants something different. He wants less games and nice chitchat. He wants true and complete surrender. What he really wants is a slave. Someone he can use and abuse as he sees fit. Someone who will submit to his tough and brutal nature without complaints or demands. Nolan, the pretty hooker he picks up in a bar, is just a temporary stop-gap, an amusing diversion for the night. But it quickly becomes clear that Nolan is cocky yet naturally submissive and filled with an eager hunger. He has the potential to be much more than just a temporary diversion. Inexperienced with BDSM, Nolan soon finds himself in a world he only ever dreamed and fantasized about. Bound and beaten, he knows he's found his place but is he enough for the cruel and demanding dom?

Customer Reviews

I received a free copy in exchange for my opinion of the book. I don't read much m/m heavy BDSM, but I really liked this book. It was super hot to have the young, inexperienced submissive thoroughly used. The explicit scenes are raw and hot as heck. I'm looking forward to see how much the sub is

willing to take, considering he doesn't have experience being dominated by an experienced, hard-core dom.

Super alpha-take charge-sadistic dom (Donovan) meets a seemingly 'sweet' hooker that he takes home for the night. He keeps Nolan for the entire weekend and then....The book is very short so we don't have a lot of time to get to know either character. I keep feeling like Nolan is a bit of a reluctant rent boy and that his 'boyfriend' has pushed him into it. I'm kind of hoping these two end up with an old fashioned, predictable love story, but since there is a bit of talk of sharing Nolan I might be hoping in vain. I'll probably read the next installment to see if there is promise of better times or if there is any resolution

I just started reading this author and I love her writing style. She has a clear, easy way of describing a scene that puts you right in the middle of the action. In this book, Donovan is bored with the local BDSM scene and finds a hustler that he thinks may fulfill his secret desire as a full time slave. Nolan is a hooker who has unfulfilled fantasies of being under the control of a dominate Master. It looks like these two guys are made for each other.

Billionaire goes slumming hires rent boy turns out a natural submissive heavy on pain/humiliation but he doesn't push him past certain limits.

Subjugated ,violated and humiliated that is only the beginning for Nolan. He is enamoured by the wealthy and enigmatic Donavan. Can he endure the torturous pleasures to be had?
