Customer Reviews

When the elderly Korean man handed him a loose stack of papers one day in the park, Victor Fox accepted it more out of polite curiosity than anything else. Little did he know he had been entrusted with a first hand account of history unknown to the West. The story starts out in China as young Peter Chang goes from spoiled son to angry soldier fighting against the despised Japanese

occupation. His wartime engagements earn him admiration from his peers but the CPC consider him something of an uncivilized wildling and show him little to no respect. When his initial party recruiter Shao Peng extends Peter a dinner invitation he eagerly accepts. The topic of discussion centers around a Korean named Kim Sung, a man with questionable morality who is backed by the Soviets and poised to be the leader of Korea. The CPC has determined it is in their best interest to support him but will do anything and everything to ensure he remains loyal to them over the Soviets. They have already positioned a loyal Mao Zedong supporter as Kim Sung's wife, but the man in question is both unfaithful and abusive and the party needs someone capable of protecting their agent from her charge. Protecting Kim Jong-Suk will be a lifelong mission, and they want Peter Chang to accept it. Kim Suk had been an ordinary girl who cooked meals for Chinese guerrilla fighters when she was invited to come to the CPC's central office in Shanghai. At the request of the CPC she is now married to a cruel, obnoxious boor who is slated to be the next leader of Korea. Her job is to strengthen China's ties to Kim Sung, but how can she influence a man who is already under the influence of everything else? Her life is constant hardship now, except for a new Chinese servant, the only one she hasn't disliked upon meeting. Peter Chang.
