Customer Reviews

Yes, you can win with the Pick 3 Crusher system. This is a nice and easy system for use by beginning players who need such a system. The system may not win as often as more sophisticated systems, but it is tailored for the market in which it plays. This is a system for players who desperately want to get wins, and if they are patient, they will see some.

Considered myself lucky to get a copy of this book , I back tested it and boy, it works! True to what he says, you can hit a straight win! Sometimes it will take you about 3 days to get a box win, but most often the win comes in the immediate next draw. Try this book guys and read his instructions twice. Study the workout and see for yourself...I got three successive hits after I got the book and two of that are straight hits!

I really liked this product and it gave me great insight into the game. But there was one draw back and it has nothing to do with the advice given but it would seem that the book was not checked by an editor. There are a couple of chapters that have gibberish and I could not follow what was written. When this is all sorted out I do hope to get a note from for a re-download. I tried out the first technique and it really worked. I recommend it for the avid pick 3 player.

It seems to be a fairly easy formula, I encourage more people to purchase a copy of this book very informative.!

Great system. I would recommend this to anyone looking to win a few dollars.

Don't like it. I must be slow. Can't figure out his formula. After the first sample the other samples did not compute. I'll keep trying to figure it out. Maybe it will click one of these days.

This is a good book. Although I have not yet tried this system yet here in my state, this book does show some promise.

ANOTHER GREAT PICK 3 STRATEGY.PRODUCE NUMBERS TO PLAY.TWEAK IT AROUND TO GET MORE RESULTS.
