Pick 3 Lottery Secrets-1: Review Of Cheat Sheet-3.2 (Pick 3 Secrets)

Synopsis

Secrets Revealed in This Book(NOTE: You Need Cheat Sheet 3.2 for this Book:

<http://www..com/dp/B014ZV7CGO>. You will need to purchase Cheat Sheet 3.2 to get the most out of this book since all the examples I use in this book are based on the numbers, digits, Revelations Boxes, etc. contained on Cheat Sheet 3.2.)While reviewing Cheat Sheet 3.2 I came across some pretty amazing things. I became aware of patterns and numbers hidden inside the Revelation boxes that I was totally unaware of. So instead of writing a regular Hit Report, I decided to write this book and call it SECRETS because these are indeed secrets of the Pick 3 game. After you finish reading this book, you will be able to tell what numbers will most likely hit next in any state by just LOOKING at the three Revelation boxes for that state! The format of this book is as follows; (1) first I will give specialized reports highlighting specific secrets and strategies for specific states. Then (2) I will give the basic Hit Report for all 23 states where I list when the LIST-8 numbers hit. Here is a Preview of the Secrets you Will Learn in this Book: The Biggest SECRET from CS-3.2: In this chapter I will reveal the single greatest thing I learned from studying the numbers that hit from Cheat Sheet 3.2. Standard Deviation (NEW!): This is an extremely useful secret to know. Here I will point out what you should be paying attention to on every Revelation box you look at from now on. I will show you what the standard is (what you will normally see in most Revelation boxes) and what the deviation or change from that standard is. A deviation means that you will be playing LESS numbers. I explain what all of this means in this book! This one secret is worth the price of this book! COLORADO Secret for SEPT 1-15: Here I will show you how 5 digits could have been used to predict a number that hit Colorado on August 31, 2015. DISTRICT OF COLUMBIA Report for SEPT 1-15: This one is even better; here I will show you how the top digits in the Revelation box for DC predicted the double 494 that hit on September 8. MICHIGAN Report for SEPT 1-15: The number 116 hit Michigan on September 5. In this chapter I will show you how you could have predicted this hit by just LOOKING at the Revelation box. Having a 6 and a 9: Why having BOTH a 6 and a 9 on the top two levels (or the bottom two levels) of the Revelation box is a GOOD thing. MICHIGAN: 3-7-2: This is a REAL Secret ladies and gentlemen! 372 hit Michigan on September 11. The number 273 hit the next day on September 12, 2015. The basic number here is the same: 237. What if I told you that this number (237) was â œhidingâ • inside one of the three Revelation boxes for Michigan? In this chapter I will SHOW you what I mean! MISSOURI Report for SEPT 1-15: Three hits came from a very specific location from one of the Revelation boxes. I will show you that location in this chapter. NEBRASKA Report for SEPT 1-15: This chapter will tell you what you have to keep in mind about 1-draw per day states. NEW YORK Report for SEPT 1-15: The numbers 772, 977, and 773 hit New

York between September 1 and September 15, 2015. In this chapter I will show you how these doubles were predicted by the Revelation boxes for New York.

I have been reading the books from AA Newyork for awhile now!! They are the best for anybody that wants to win on the pick 3 game. This book is even better than the other books I have read and highly recommend the strategies explained on this book. It will definately give you an edge on the game. Always coming up with better strategies the author is definitely the best teacher of the game. I look foward to winning even more with what I learned from this book. I recomend this to anyone who is serious about the pick 3 game!!

In his relentless pursuit for improvement in his systems, the author showed brilliance in implementing the SECRETS-1, book of revelations..It is simple and easy to understand. Some strategies stand out particularly, like knowing 3 unique digits from the top or bottom of the two levels , ability to predict doubles and only one digit with high probability to hit.

AA New York backs up the 3.2 Cheat sheet notes with this Pick 3 Lottery Secrets-1. In it, the top 4 numbers in the revelation Boxes give way to hits that can occur in any order when wheeled. This playlist of 20 numbers will almost always have numbers that hit in the next 7 days.

Wow! AA is just an amazing mentor. The secrets that he shows in this book works. He wants you to really learn his secrets. Everything is laid out for you to win. I am delighted I made this purchase.

This book has very effective strategies for the pick three player. As explained in the book, I wheeled the digits in the Revelation 20 program, and it produced a hit the very next draw!
