The Study Of Law: A Critical Thinking Approach (Aspen College)

Synopsis

The latest edition of *The Study of Law: A Critical Thinking Approach* offers a comprehensive, intelligent overview of all the key concepts covered in a typical introduction to law course. A critical thinking approach is used to introduce students to the study of law, encouraging students to interact with the materials through hypotheticals, examples, and well-designed questions. The text is divided into two parts, reflecting the topics addressed in an introductory course. Part I, *Introduction to the Legal System*, introduces students to the sources and classification of law, the structure of the court system, and an overview of litigation. Part II: *Basic Legal Concepts*, covers the basics of analysis and interpretation of the law, followed by chapters on substantive law. Key Features of the New Edition: Teaches students the basic skills necessary to understand statutes and court cases. Strong pedagogy reinforces well-written text presented in an accessible and well-organized format. Edited cases are included in every chapter to teach students how to read and analyze the law. New coverage includes: the Boston Marathon bombing case, the Affordable Care Act, and trademark issues involving the Washington Redskins, e-filing and e-discovery, discussion of same-sex marriage and custody disputes over pre-embryos, and crimes of unauthorized access of computer data and warrantless searches of cell phones.

Book Information

Series: Aspen College

Hardcover: 702 pages

Publisher: Wolters Kluwer; 4 edition (September 11, 2015)

Language: English

ISBN-10: 1454852224

ISBN-13: 978-1454852223

Product Dimensions: 10.1 x 8 x 1.5 inches

Shipping Weight: 3.4 pounds (View shipping rates and policies)
