If you are struggling with Love or Relationships in your life, I have only three words for you--Get. This. Book! One of the Best, Most Helpful, Focused and AUTHENTIC books I've EVER read on how to get the Relationship of your Dreams, NOT by Mindgames or Pick-up Artist Routines, but by allowing and being courageous enough to be your Authentic Self in order to attract someone who will Love you the way you always dreamed of! Wish I could give it SIX STARS!! Thank you Mr. Andrews--I will be getting ALL of your other stuff as well!

I can totally relate to most of the topics covered in the book. I turned the pages nodding and agreeing to what clay is saying.. it feels like he was describing me as a person... Nevertheless... this is not just a self help book but something that would make you understand who really you are as a person and understanding your core self as well.

I read this book when I was going through a breakup with the hope of getting my ex back, he was my first boyfriend, and I have made every possible relationship mistakes and have finally consumed him, I wouldn't blame him to leave me. This book was a great help in this painful time, I have been practicing advance relational skills with my family and friends, I have never felt more socially connected and loved. I am not sure if I will get my ex back, but I am sure my next relationship will be more under my own control.

The secret to success in relationships or anything for that matter is by staying present, being mindful, and bringing the best of yourself. Clay has been helping people with relationships for several years, and really knows his stuff - for those who might not have the opportunity to work with him personally, the best of it is all here in this book.

I find it to be a very comprehensive, substantial, compelling and informative handbook on the matter, written in everyday language that everyone can comprehend . It is a must-read for students,

scholars and for everyone who desires and works towards personal growth and development.

Self Love Is The Most Important Love! Thank You So Very Much For Sharing This With Me. I Will Use This. XO Heather

First off a good read could see some of the selfish emotions I do that make me label and put things in perspective.

It is the first time I'm writing a review! I learnt a lot and now I know how to get more positive results by focusing on what I actually want. This is the BEST relationship book I've ever read!
