Here is a glimpse at a set of recipes found inside:Spare Ribs with BBQSouth African Mince Meat PieGinger and butternut squash soupCranberry braised turkey wingsRed lentil chiliMushroom risottotalian cannellini and mint saladAnd Much MoreHere Is What Our Readers Had To Say:â œEnjoyable cookbook. I would definitely recommend even though i personally got it for free. Good bang for the buckâ • â “ Martin â œThis is exactly what I needed, to cook delicious cuisines that are out-of-the-box. What surprised me the most is how easy it really is to make foreign cuisines like Hungarian Chicken, Peruvian Quinoa Salad and South African Mince Meat rice just to name a few. Everyone at home loves the Cranberry Braised Turkey. Typically turkey has a distinct taste and in my experience itâ™s always been difficult to have this meat absorb the seasoning. But, with the Cranberry Braised Turkey recipe this is not the case. It has an amazing delicious flavor. I'm just glad this book landed in my hands.â • â “ Farah Goldenâ œFull of creative and delicious-sounding recipes which are well written and easy to followâ |.. A good book for anyone who's looking for some creative recipes!â • â “ R. Richards"This is a surprisingly effective book! I love how simple these recipes are. The best part is that the ingredients are very common! I travel often so it's great to know I can shop for these ingredients easily and make pressure cooker meals almost anywhere. I'll be sure to take this eBook wherever I travel to next! As the author states, these recipes are quite healthy. I didn't expect the cook times to be so short (about 10 minutes for some of them) so that's an added bonus because I never really stopped eating like a college kid, even after I graduated. I like my meals to be filling, satisfying, healthy, fast, and cheap. Pressure cooker meals certainly fit that bill!"\*\*\*Get This Book By Best Seller Author Martha Scott\*\*>> Download This Book Today

## Customer Reviews

Amazing! I am always on the go and needed a device for convenience. I will be getting ingredients for Mushroom Risotto, Turnip Cake, and Lamb Shanks for weekdays. The book contains wide-range of recipes to choose on. Aside that these are easy to prepare, the fantastic recipes are recommended too for parties. It's hard to do all dishes your guests would love. Just take this book and you will find everything in place. On weekend i'll try two of the recipes for my visitors. Great recipes inside.

This book offers a collection of recipes and techniques for soul-satisfying meals using a stove-top or electric pressure cooker. The recipes all have the rich, layered flavor of slow-cooked meals, but take a fraction of the time to prepare. Pressure cooker popularity rises and falls over time. Fortunately, they are trendy again. With improvements over the last decade or so in safety, that trend is well justified. In addition, the pressure cooker helps you turn affordable ingredients into amazing dishes in less time. Great little book for a novice! It gives just the right amount of information about pressure cookers past and present as well as tips for success. The recipes aren't too challenging which makes cooking for the first time stress-free. I made pork tacos the first day I had the cooker and was very happy with the results. Two days later I tried the bbq pork recipe and was giddy from the simplicity. Awesome pork sandwiches in an hour! So now I've gone from fearing pressure cookers

to wanting to use it all the time. Thank you, Martha Scott!

This is a surprisingly effective book! I love how simple these recipes are. The best part is that the ingredients are very common! I travel often so it's great to know I can shop for these ingredients easily and make pressure cooker meals almost anywhere. I'll be sure to take this eBook wherever I travel to next! As the author states, these recipes are quite healthy. I didn't expect the cook times to be so short (about 10 minutes for some of them) so that's an added bonus because I never really stopped eating like a college kid, even after I graduated. I like my meals to be filling, satisfying, healthy, fast, and cheap. Pressure cooker meals certainly fit that bill! My only criticism is that I would like to see more pictures in the book. The author is using some colorful ingredients and I think he added color would provide much value to this read. Overall, I'm satisfied and I'll be looking forward to more books by Martha Scott!

Wow! These recipes are unbelievable! I mean this book simply described how amazing a pressure cooker really is! Not only you can prepare your food using a pressure cooker really fast but it also retains most of the nutrients that our body needs. I am really glad that I bought this book. The recipes here are easy to follow since the instructions are very detailed and it allowed me to save time and effort from learning on my own. I am certainly sure that this book will give you wide range of ideas when it comes to preparing meals. This book is the total package guys! Don't hesitate to buy this one! This will be very helpful especially to those who love to cook.

A very exciting new approach to pressure cooking. Techniques allow the home cook to utilize pressure to prepare delicious food quickly. The author shows how to develop menus that bring together food that is well seasoned, browned to develop flavors and save time without compromising taste. Would recommend this to everyone.

I never tried to pressure cook, My mother tried to teach me when I was younger but I found it extremely difficult, I feel a little embarrassed about me a couple of years ago. This cookbook has incredible recipes that make your mouth water! From soups to stews. I loved! and will certainly give the book to my mother. This is the ultimate cookbook, and worth every penny!

This is a very simple and straight forward book on over 20 different pressure cooker recipes. Gives details on ingredients and preparation instructions. If you're looking for quick and healthy

alternatives to Baking grilling you should get this book. Pressure cooking very safe, quick and provides healthy alternatives to grilling or baking.

This book tells about the benefits of using an electric pressure cooker and why it prepares more nutritious meals than other cookware as it use less water so nutrients wont get dissolve. There are many palatable and easy to prepare recipes given with detailed instruction.
