## Customer Reviews

I love this author's sense of humor and style, but most of all his book are no-nonsense and contain no fluff - just THE GOOD STUFF!! In this book he shares recipes that use a rice cooker to make a lot of other stuff other than rice which is really creative, especially for grains like quinoa which we love! We even tried the risotto and were amazed at how the rice cooker made have just the perfect consistency. I love frittata and was a bit skeptical about cooking it in a rice cooker, but again - it worked beautifully. Finally - the PEPPERMINT TRUFFLES - Really? Oh My God! Heavenly! All in all the recipes are good, the technique is amazing and this is another awesome book from Dexter's kitchen. Well done!

Another packed collection of awesome rice recipes from my favorite Kindle culinary author Dexter Poin. It's so easy to make a lot of rice for the week and then cook different meals using this book. Beats searching down recipes on line or using crusty old cookbooks. Awesome!

Dexter Poin teaches us in this rice recipe manual to never underestimate the power of rice. Simple, plain ole rice we have always taken for granted and frequently appreciate it when we have it in different ways whenever we eat out, not knowing that all these delightfully delicious meals can be prepared right in our own home. Treat your family to something different this season, try rice in a variety of tasteful different dishes and tell us your favourite. Rice cookers & lovers will clammer this one. Al-Khemet Book Club, JUN 2015
