Customer Reviews

These face charts are great to have as a makeup artist to repeat looks and remember looks I did on a trial that I need to replicate sometimes as long as 2 months later on a bride. I just wish the binding was different because it's hard to open and lay flat.

Great book for teens and or anyone wanting to learn new techniques/how to apply makeup. Recommend for gifts and makeup junkies.

I didn't use this as intended. I gave it to my teen as a coloring book and it was a hit.
