The Country Bride: Billionaire Marriage Brokers Book 4

Synopsis

Paige Baker is bound and determined to start her own horse training business. While at an auction where she plans to purchase the horse of her dreams, she meets Pamela Jone, a matchmaker for the ultra wealthy, and is suddenly on a whole new path in life. Caught up in a whirlwind of wedding plans, Paige wonders what she can bring to the marriage and if her background as a camp counselor and a rodeo star has really prepared her for marriage to the handsome and aloof Mr. Walker. Cody Walker has already married and mourned the love of his lifeâ™ or so he thinks. Left with a daughter, Cody dedicated his life to caring for her but heâ™s having trouble doing it on his own. A friend hands Cody a BMB business card and before Cody can blink, heâ™s married to the vibrant Paige Baker. Sheâ™s everything he needs and so much more. Can he stay true to his first wifeâ™s memory and care for Paige or will he allow this angel to slip through his fingers and lose the only mother his daughter, Addison, has ever known? Early on, Pamela Jones realized she had an unusual talent for putting two people together. Over the years, she's turned it into a successful matchmaking service for the ultra wealthy: Billionaire Marriage Brokers. While she specializes in "business" marriages -- pairing people off because of their skills, education, or training -- she can spot a potential love match a mile away. When Pamela has a "good feeling" about a bride and groom - a business marriage can become so much more.

4.5 StarsPaige has loved horses her entire life and has dreamed of owning her very own horse training business. When she attends an auction to purchase the famous horse, Annie May, she just knows that dream is one step closer to coming true. Little does she know that fate has other plans for making ALL her dreams come true. Enter in Pamela Jones... ;)Cody's wife passed away when little Addison was only 8 months old. He has done everything in his power to love, raise and protect his little girl. When Addison asks him for a new mommy, he has no clue where to even begin. His friend, Gabe, gives him the little magical card that will turn his life upside down and bring someone into his life that he never knew he wanted, let alone needed. Enter in Pamela Jones... ;)From the first time they met, Paige and Cody had an instant connection. But of course they fought it. How could they feel so strongly for someone they just met? Someone they don't even know? If it's this intense after just meeting, what's it going to be like for a full year? Are they going to be able to fight it? Do they even want to fight it? What happens once the year is up? Will they move on? Will they have a real marriage? And what about Addison? Will she be able to handle losing not one but two moms?I loved the journey of Cody, Paige and Addison! It was full of love, healing and new beginnings. The Country Bride is definitely one of my favorites in this series. Once I picked it up, I could not put it down until I finished it. And of course at the end I let out a long, dreamy sigh.

The best thing ever is when you pick up a book and can't put it down until you're done! Like all the others in this set, it was one of those! I loved it! It is one of my favorite because it included a loving Father looking out for his daughter! My hubs had a daughter when we met and I have never thought about her as anything other than my own even though her Mother is still in the picture. I love the way this story came together and their instant attraction to one another and their mutual concern for Addison. Love this whole series!!! I am so excited that there are 2 more books coming out soon! I can't wait! If you haven't tried one yet you should!

After reading the first book in this "series" I had to continue with the next two. I've been waiting for this one to be available and it DID NOT disappoint. Unlike some "series", each of the 4 books are individually complete; however the writing is so good I had to get the others! I look forward to continued books in the series!

I read all the books in this series! Such relaxing and enjoyable reads! Very relaxing after a long day or week! All of them were good, but this one was my favorite so far! Great characters and enjoyable story lines. I would recommend this book and any others by this author.

When I'm not writing my own books, I reach for books by Heather Woodhaven, Lisa Phillips, Brenda Minton, Janet Tronstad, and a handful of other great authors who write romance with a side of humor or suspense. I'm now adding Lucy McConnell to that shortlist. Loved this book!

This is my 5th Lucy McConnell book. All have been Billionaire Marriage Broker novels although the 1st was not part of the formal series. I have sincerely enjoyed each and every offering, even though the believability quotient has been stretched to the limit and beyond. I know this is nit-picking and, possibly an unreasonable expectation for a work of fiction, but billionaires don't stay that way by paying someone \$400,000 for a one year relationship. In addition, the term "billionaire" is a bit inappropriate for the series. Heart surgeons, baseball players, car and tractor dealers, etc. can easily be called multi-millionaires, but a millionaire 1,000 times over? Not believable! Finally, in this novel, I really have a hard time believing that Cody would bring in a temporary mother for his daughter knowing how attached the daughter would get to Paige only to lose her at the end of a year. For me, believability is a hallmark of a great fiction writer. In this novel, for the first time, I found the proofreading to woefully lacking. There were far too many word usage errors, i.e. you instead of your, "run his hair (hand) through her curls." "the life (light) in her eyes," etc. Even with the foregoing, this was a good read and well worth the effort.

Cody resisted the way he felt for Paige for a long time. He is a widower with four year old daughter Addison, who fell in love with Paige as soon as she saw her face on the computer screen. I believe you will enjoy this book as much as the other three in this series. If you have not read the first three you owe it to yourself to do so as soon as you can. I know I will read them other again someday.

Made me want to keep reading late into the night! Paige's determination and love for the little girl is inspiring. The fact that Cody is hot and broody--totally made me keep rooting for them to get together! This story does NOT disappoint!
