Jump Off (Show Jumping Dreams ~ Book 22)

Synopsis

Emily Dickenson has come to expect the unexpected in her unpredictable life because when it comes to horses, you never know what is going to happen. But the one thing she never expected was to see her mother and step sister again, especially not standing next to her father's truck in the early morning light with two suitcases and hopeful faces. If they think they are moving in with Emily's new family they have another thing coming. She likes Missy and Owen and the way things are at Fox Run and she is going to do everything in her power to make sure that doesn't change. She also has a show to focus on, a foal to raise and a friend who needs a horse. Only Frankie doesn't seem willing to want to take on Emily's project horse Four. In fact she is downright hostile about it and Emily needs to find out why if she can help to mend her new friend's broken heart. And she's been invited to a training session with all the Talent Scout winners. The committee has decided to give her a second chance but some people don't exactly think that is fair. People like Jess. And Emily wants to find out if Jess really poisoned her pony so she has to go but how can she stop her perfect family from getting ruined when she is not even there?

Customer Reviews

I like all her books. Have been following them for quite awhile and grab each one as it becomes available. As I am an older adult they take me back to being a kid and doing all the horsey things I did when I grew up in the Maryland countryside. They are always correct in the horse vernacular so a youngster would actually learn some things if they desired.

In the last book, Claire Svendsen touched on grieving and I dealt with my own level of grief when the horse I ride injured his eye. He's been in the large animal hospital for several weeks. It struck a nerve and I stopped reading the series for several months. Now that my horse is back home, I decided to read this book with a renewed attitude. It kept my interest enough that I completed the book in one afternoon, but the storyline still has some far reaching attitudes for the main characters. Emily's dad is very inconsistent with his actions; same with her mom. Even so, I will most likely keep reading to see what happens to Emily's riding career.

These are the best books EVER I really enjoy reading them although I HATE having to wait a WHOLE month in between books lol can't wait for the next one!!! Happy writing ^,,

I've read every one of these books so far and can't wait for the next one! Each book seems to be better than the one before.

I think this one is one of my favorites. I loved the total change in Emily's attitude and the exciting adventure she had!
