## Synopsis

Bluebird is sick and no one can figure out what is wrong with him. Emily feels like her heart is being torn in two. If they can't find out what he has then how can they treat him and make him better? And if he's not well enough to compete in the third show of the Talent Scout series then Emily's dreams of winning a sponsorship and competing in Europe will be crushed for good. But getting her pony better is all she cares about, even if it does mean sacrificing her career. And Bluebird isn't the only sick horse. There is a new foal at Fox Run and he's not doing well either. Abandoned by his owner and shunned by his mother, the foal needs a nurse mare and fast if he's going to make it. But Emily isn't alone. When she befriends a girl at the vet clinic whose horse is in worse shape than Bluebird she might have to face her own fears, that sometimes horses don't make it. And life and death is a tough lesson for a teenage girl to learn when her horse is the most important thing in her life.

## Customer Reviews

Claire has never been one to disappoint. With her casual way of writing and clear understanding of the teenage horse world, Claire continues to impress me with her writing. Definitely a must read for

horse lovers.

haven't read this book. Just noticed the cover photo is just like a birthday card I received recently. So did the author get it legally? Just wondered. So how do the authors for all these books get the covers. I would hate to see one of my photos off of \\\by blog or facebook show up on someones book on ?.

It seems to me that this one is one of the better books in the series. Still a lot of underdeveloped ideas, but over all good enough to keep the storyline going.

There were still some misspellings, but it's a great book & a great series! Svendsen always leaves you wanting more.

Sometimes Emily ticks me off so much! She's so nosy! LOL But I really enjoy this series and it's great for kids too.
