Customer Reviews

I just got done reading this whole book cuz I couldn't put it down. This is a highly intuitive book that was made perfectly for an ebook. It has easily doable recipes that actually look like they will taste good. Yes they do have ingredients in here that you'll probably have to buy if you're new veganism but if you're planning on being you vegan you will want to have these things on hand. A lot of these recipes use arrowroot, coconut flour, ground flaxseed, and chal seeds. I can't wait to dig into these recipes. I have been waiting for some kind of way I can make scones, pancakes and waffles. This has great recipes for overnight oats as well. A lot of bang for your buck here. Get cooking.
